

## A FOUR SEASON PLAYGROUND

Elevate your Sun Peaks experience with the many sights, sounds and experiences the surrounding recreation area has to offer. At the hotel's doorstep is a charming pedestrian village, animated with restaurants, cafes, patios and specialty shops. Or ski out of the hotel to the chairlifts and day lodges just a stone's throw away.

In the summer, view the wildlife and flora indigenous to our area only a short hike from the hotel along the valley trails. A Graham Cooke designed championship golf course runs along the valley bed. A chairlift opens up the alpine meadows for extraordinary views from hiking trails fit for the whole family. Lift-accessed downhill and cross-country mountain bike parks add an adrenaline rush. Horseback riding into the rugged wilderness or guided canoe tours at pristine McGillivray Lake cater to a gentler appreciation for nature. Whatever your stamina or appetite for adventure, our Concierge will be delighted to help.

Winter transforms Sun Peaks into an outdoor paradise, blanketing the slopes and village in dry powder snow and offering a remarkable variety of activities to invigorate the senses. While this award-winning destination mountain resort is internationally renowned for having the second-largest skiable terrain in British Columbia, if your penchant for the outdoors extends beyond skiing and boarding, try dog sledding excursions or a guided snowshoe trek to a fondue dinner for you and your companions. An outdoor skating rink and tube park are also only steps away and create lasting memories over a hot chocolate in a horse-drawn sleigh, gliding through snow-laden forests.

Whether you come for the thrill or simply to reflect and commune with nature, we welcome you warmly to Sun Peaks Resort and it would be our pleasure to help make your visit one to write home about.
